

CONSORCIO MONTEGRANDE

CERTIFICATE OF PERFORMANCE EXCELLENCE

Presented to

BAUER FUNDACIONES DOMINICANA

On January 12, 2024

We certify that the company Bauer Fundaciones Dominicana had completed its duty in the project Montegrade Dam successfully for 9 months, having performed 7,900 m² of diaphragm wall with high performance, accuracy, and non-stopping operation within a tough ambience job site's hard conditions. The project is a core asphalt dam, and it is in the province of Barahona, in Dominican Republic, with Bauer providing relevant services for the success of the enterprise.

The Consorcio Montegrade acknowledge Bauer team for quick response, continuous technical support on time and effective communication.

Marco Antonio Nardin Franca

CONSORCIO MONTEGRANDE

Project Director of Montegrade Dam
